2. REVIEW THE BEMIDJI CENTRAL CITY PLAN FINAL DRAFT WITH THE DDA

3. AJOURNMENT

COUNCIL AGENDA ITEM

Meeting Date: May 11, 2009

Action Requested: Review the Bemidji Central City Plan Final Draft

Prepared By: Rita C. Albrecht, Community Development Dir.

Reviewed By: John M. Chattin, City Manager

The Bemidji Central City Plan final draft is presented for your review. This review is our opportunity to make corrections and changes to improve the plan's usefulness as a planning and marketing tool for the City prior to publication. Our goal is to have a very useable plan that will be a working document to guide the City and the Downtown Development Authority as our community evolves over the next decade.

As you read through the document, please note any questions you have or changes you believe we need to make to improve the plan. I also invite you to consider three or four opportunities that you believe can enhance the economic development potential of the downtown area. The Council will meet with the DDA at the May 11 work session to discuss opportunities, partnerships and timelines for implementing shared goals.

Recommendation:

Please read and review the final draft and be prepared to discuss the plan with the DDA at the May 11 work session.
