List specific MSFC code sections referenced, exceptions taken and/or if a voluntary installation.

Detailed Description of Work

In order to assist with the review process, attach all project documentation per MSFC 907.1.2 including (but not limited to) manufacturer data/cut sheets, detailed shop plans with locations of initiating and alarm notification devices, FACP, FAAP, battery calculations and voltage drop calculations are needed. _____

Verification

Although some commercial fire alarms may be 'Voluntary', they shall still comply with currently adopted NFPA 72 standards for design, installation, and maintenance.

I hereby certify that the statements in this application are true to the best of my knowledge and belief. I further certify that I agree to install in accordance with the Minnesota State Fire Code, NFPA standards and/or other governing codes and agree that no work will be started on property prior to securing the proper permits.
